Addendum No. 1 – July 19, 2021

Request for Quotes #RFQ 22-22CIP-OTM and Stick Rail-001 for
Domestically Produced Other Track Material (OTM) and Stick Rail

Questions Received from Suppliers and Responses from NNEPRA

1. Question: When will you accept delivery?

Response: As noted in the Request for Quotes, "All materials shall be delivered as soon as possible. Please provide a proposed delivery date on the quote form. Quotes with earlier delivery dates may be given preference."

2. Question: Would you allow freight to be pre-paid and added to the invoice instead as part of the price?

Response: No. As required in the Request for Quotes, delivery costs shall be included in the quoted unit prices.

3. Question: Are the track spikes high carbon or medium carbon?

Response: As noted in the Pan Am Railways Specification, the track spikes shall meet the requirements of the AREMA specifications. The AREMA specification requires a carbon content between 0.17% and 0.25%.

4. Question: Can we quote the track bolts, nuts, and lockwashers separately? They do not come with the bars and come from another supplier. If so, please advise where to put this on the quote form.

Response: At the supplier's options, a breakdown of the cost of the joint bars, track bolts, track nuts and spring/lock washers may be provided on the Quote for under Quote Item 4. However, the award of Quote Item 4 will be based on the total quoted price for the joint bars, track bolts, track nuts and spring/lock washers.
